

The Voice of the Railroad Construction Industry

DISA Global Solutions

NRC Endorsed Partner & Recommended TPA for FRA-MOW Compliance

DISA has a long history in the employee screening industry as a proven partner and third-party administrator. We offer a comprehensive line of compliance and regulatory services for all DOT agencies. Our company also has over 25 years of experience in consortium program management.

Our services include complete MOW compliance solutions that will keep companies compliant with the June 2017 Maintenance of Way (MOW) regulatory guidelines. DISA is pleased to be chosen by the NRC as an Endorsed Partner and Recommended TPA for FRA-MOW Compliance.

Program Management Services Include:

- Pre-employment and random program management
- Nationwide collection site network
- Expert laboratory analysis
- In-house Medical Review services
- Statistical reporting
- Expert compliance and audit assistance
